RFA Title: Pregnancy Care Management Services for Women Ineligible for Medicaid

Purpose:

The mission of the Women's and Children's Health Section (WCH) is to assure, promote and protect the health and development of families with emphasis on women, infants, children and youth. WCH programs place a major emphasis on the provision of preventive health services beginning in the pre-pregnancy period and extending throughout childhood. The Women's Health Branch develops and promotes programs and services that protect the health and wellbeing of infants and of women during their child-bearing years. The goal is to improve the overall health of women, reduce infant sickness and death, and strengthen families and communities. The specific goal of this funding is to improve birth outcomes for uninsured pregnant women who are ineligible for Medicaid.

Description:

This program provides pregnancy care management services to low income women ineligible for Medicaid. These services enhance the woman's ability to receive quality medical care and address social determinants of health that affect pregnancy outcomes.

Eligibility:

Local Health Departments that provide clinical prenatal care (Maternal Health services), and Pregnancy Care Management services for Medicaid patients in counties with **100 or more** Emergency Medicaid deliveries in FY15 are eligible to apply for this funding. Local health departments that provide clinical prenatal care (Maternal Health services) and Pregnancy Care Management services for Medicaid patients in counties with **less than 100** Emergency Medicaid deliveries in FY15 are eligible to apply for this funding **IF** they currently receive funding from the Division of Public Health (DPH) to provide Pregnancy Care Management for women ineligible for Medicaid. (See eligibility table below.)
